DELIVERY:

To be collected by the Client from the following address:

SIGNATURE TECHNOLOGIES AUTOMOBILES (SIGNATECH)

Parc Esprit 1
19 rue Michael Faraday
18000 Bourges
France

SPECIFIC TERMS OF SALE

The Client undertakes to scrupulously observe the present terms concerning the use of the Alpine A110 CUP (hereinafter "A110 CUP"):

a. The Client expressly undertakes not to alter in any way whatsoever the identifying elements of the A110 CUP (e.g. chassis n°). He will be entirely responsible for any alteration.

b. The Client shall remain entirely and exclusively responsible for the use of the A110 CUP. Consequently, by signing the present order form, he assumes all the risks, whether direct or indirect, relating to the use of the A110 CUP. Furthermore, he refrains from bringing proceedings and undertakes irrevocably to forgo any appeal, protest, complaint, procedure or legal action against the Société des Automobiles ALPINE, SIGNATECH and any other company affiliated to the SIGNATURE Group, in the event of material and/or physical damage suffered by the driver, the A110 CUP and/or third parties or resulting in any way whatsoever from the use of the A110 CUP.

The Client covers the Société des Automobiles ALPINE, SIGNATECH, and any other company affiliated to the SIGNATURE Group against any complaint that might be brought by one of his employees, beneficiaries or a third party, as a result of the use of the A110 CUP.

SIGNATECH's Terms and Conditions, which the Client accepts, shall govern this operation. Also, through signing the present conditions, the Client expressly forgoes the application of his own terms and conditions.

The order will be confirmed upon receipt of the full down payment of 30% of the total price to be paid (exclusive of VAT).

Failure by the Client to honour an obligation gives SIGNATECH the option to suspend, by right and without notice, the filling of current orders until payment of the amounts owing and/or to cancel all current orders, without prejudice to any interest charged by right counting from the date on which the payment was due in application of the legal rate.

The delivery of the car will be carried out as soon as it is available from SIGNATECH, from the address given on page 3, and after receipt of the entire balance of the total price.

The deadline for payment of the balance of the total price will be one week before delivery, on a date that will be communicated to you in due course. No delivery will take place without full payment of the amount indicated above.

The filling of the order may be suspended by SIGNATECH should a case of force majeure arise. "Force majeure" is understood to mean any event that is unforeseeable and independent of the will of the parties, as defined by the French courts. The time for filling the order will be extended throughout the entire duration of the force majeure event and of its consequences. If the force majeure event would delay the filling of the order by more than three (3) months, each of the Parties shall be free to cancel the order. No compensation will be owed in case of delay or cancellation relating to a case of force majeure. All delivery dates shown are indicative. Consequently, in case of a delay, the Client cannot claim damages.

The Alpine A110 CUP is to be collected from the following address:

SIGNATURE TECHNOLOGIES AUTOMOBILES (SIGNATECH)

Parc Esprit 1
19 rue Michael Faraday
18000 Bourges
France

The transfer of risks, loss and deterioration becomes operative upon the collection of the A110 CUP by the Client, or by the transporter indicated by the Client, from the address given above. The transporter's transport and insurance costs are to be borne by the Client.

The Client undertakes to take out, while his responsibility is liable to be sought, a civil liability insurance policy with an insurance company that is manifestly creditworthy, intended to insure third parties, for a sufficient amount, against any prejudices that may result from his responsibilities concerning the use of the A110 CUP.

Any dispute that may arise over the interpretation or execution of the present terms, and that has proved unable to be settled amicably between the Parties within one month of its arising, will be referred to the competent courts in Bourges. French law will be applicable.

TERMS AND CONDITIONS FOR THE MARKETING AND SALE OF COMPETITION PARTS

The present terms and conditions apply to sales of mechanical components, kits and items of competition apparel marketed by SIGNATURE TECHNOLOGIES AUTOMOBILES (hereinafter SIGNATECH). The components of the A110 CUP are sold exclusively by SIGNATECH and are intended to be fitted on motor racing vehicles. Their fitting must imperatively be carried out in accordance with the usual rules and practices applicable for this type of operation. These parts may therefore be fitted only for use in competition, and not on the road network. Their fitting renders homologation by the French government vehicle testing service null and void. Importers, Dealers and their Agents, as well as Tuners, are not Representatives of SIGNATECH concerning specific competition components. They therefore act on their own behalf and are alone responsible to their Clients for the commitments made by them.

Any modification to our general and specific terms and conditions must be agreed by common consent between the parties.

ORDER: SIGNATECH reserves the possibility of modifying, within the context of the legislation in force, the conditions of manufacture of its competition spare parts according to technical evolution and to the need to improve the quality of its products.

DELIVERY: In principle, the SIGNATECH components referenced in the spare parts catalogues are kept in stock at its commercial shop. However, owing to circumstances that can affect production, it may be that certain parts cannot be delivered immediately. In that case, when the Client is a consumer, the order will be maintained under the initial conditions, unless he makes a written request to the contrary. Complaints concerning missing parts or parts presenting obvious defects must be made, under pain of debarment:

- . Upon their collection, if the Client collects them from our shops.
- . Within three days of their receipt, if they are sent by us to the Client's address.

PRICE: The maximum price charged by SIGNATECH for its parts and components will be that shown on these price lists. However, the prices indicated on these lists may be modified without notice. All our prices are made out in Euros and are taken to mean "On leaving SIGNATECH".

TRANSPORT: Unless stipulated to the contrary and agreed in writing between the parties, all merchandise dispatched to addresses within France or abroad travel at the addressee's own risk. It is up to him to agree terms with the transporter, in accordance with the applicable legal conditions, in the event of damage or loss noted upon arrival.

GUARANTEE: SIGNATECH competition parts are not covered by any specific guarantee.
